14th March 2017

Dear Parents/Carers

We are going to start an exciting community project this spring with an organisation called Garden Organic. We are going to be working on site here at the school and visiting a local garden to grow sunflowers, courgettes and potatoes over the coming months.

To begin our work we are going to be planting sunflowers to brighten up the entrance to the school. We have generously been given sunflower seeds and soil from the local supermarket, which the children will be planting and bringing home to grow in the holidays.

Could you please have a look indoors and send in any recycled pots, e.g. clean yoghurt pots. We would like the children to bring them back all seedlings they have managed to grow after Easter and we will then plant them on the school grounds.

Could we please have these pots into school the latest **Monday 20th March** reading for the workshop on the 22nd March.

Thank you all so much for your help and support with this.

Yours sincerely

Mrs S Guthrie
Principal
