

Dove and Jay Class

Theme Builder – Term 4

Whose discovery has made the biggest impact?

This term we are investigating various discoveries including the first aeroplane, first motorised car, bicycles, medicine and nursing as well as electricity.

At home we would like you to think about and research things which have made an impact on our home lives. Think about who invented them, how they work, how they have changed over time and are there any inventions which you think have had a negative impact on your lives?

Good luck with your project, please come to us if you need any help.

Task 1 Week beginning: 25 th February	Which four inventions found around your home do you think are the most useful and why?
Task 2 Week beginning: 4 th March	Can you create a tally chart to show how many vehicles pass your home in 15 minutes? Remember to use the cross bar for every five.
Task 3 Week beginning: 11 th March	Draw a bicycle and invent something which can be attached to make your life easier.
Task 4 Week beginning: 18 th March	Can you design a poster to encourage people to stay healthy? You could include; healthy eating, hygiene, exercise and wellbeing.
Task 5 Week beginning: 25 th March	Can you research an invention which you feel has made an impact on everyday life? Who invented it and how? Where were they from? What did it do?
Task 6 Week beginning: 1 st April	Complete your project and bring it in to share with the class.
